

Diffused Battens T5

All the convenience and performance of a batten with prismatic controller, but in a single pack. Featuring the unique cover plate reflector that integrates with prismatic controller to provide a clean appearance with no gaps to allow debris and insects to enter.

Key-Features

- Supreme lighting engineering & economical operations with ECG.
- Energy saving, higher light output ratios with reduce energy consumption in comparison to recessed mounted T8 luminaire.
- Precision prismatic controller reflects the light for high optical efficiency – crisp, clean appearance reduces glare from the bare lamp yet over 20% more efficient than equivalent opal.
- Unique “clean-line” construction for a clean appearance without unsightly gaps between controller and body and no light spill but efficiently reflected back down into the optic and the room.
- Screw-on end caps –more secure than snap-on designs and the controller will stay in place even if the fitting is accidentally knocked.

Additional Features

- T5 features, *Noiseless Operation, Reduction in Power Consumption and Flicker-Free Illumination.*
 - Tough and robust batten due to heavy gauge welded construction and die formed.
 - Unique “ridge stand off” design achieves F mark compliance without unsightly rear stand-offs.

SINGLE		MODEL NO
2ft	1x14w	GDD 114
3ft	1x21w	GDD 121
4ft	1x28w	GDD 128
5ft	1x35w	GDD 135
TWIN		MODEL NO
2ft	2x14w	GDD 214
3ft	2x21w	GDD 221
4ft	2x28w	GDD 228
5ft	2x35w	GDD 235
