

# Bare Battens

## Wide Bodied

GLC DC

U-LI Goodlite's range of wide bodied battens offers not just a stronger and more rigid housing but also improves thermal ventilation and space allowance for installation of additional circuitry components. Also features:-

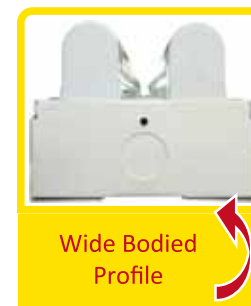

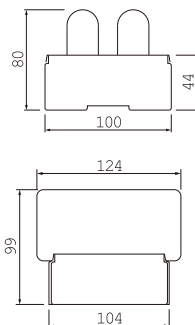

- Heavy gauge fully welded construction and die-formed
- Unique "rigid stand-off" design
- Metal end caps for absolute batten rigidity
- BESA fixing holes for easy mounting

Wide bodied profile enables installation of additional control gears while providing maximum heat dissipation.

Dimension of Fittings

Model	Wattage (Tubes)	Length
GLC 120/DC	1 x 18W	611 mm
GLC 140/DC	1 x 36W	1221 mm
GLC 220/DC	2 x 18W	611 mm
GLC 240/DC	2 x 36W	1221 mm
GDD 120/DC	1 x 18W	614 mm
GDD 140/DC	1 x 36W	1224 mm
GDD 220/DC	2 x 18W	614 mm
GDD 240/DC	2 x 36W	1224 mm
GWG 120/DC	1 x 18W	614 mm
GWG 140/DC	1 x 36W	1224 mm
GWG 220/DC	2 x 18W	614 mm
GWG 240/DC	2 x 36W	1224 mm
