# VDT 16 Cell Compact Fluorescent Lamp

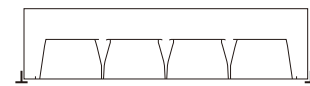

Harnessing the brilliance of high performance compact fluorescent lamps and deep cell optics in arrays of 16 cells, this low brightness louvre luminaire is especially suitable for commercial and retail lighting.

Featuring controlled light distribution, precise brightness and glare control, it is ideally suitable for today's high proliferation of Video-Display-Terminal intensive environment.

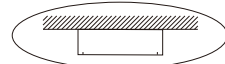

Dimension of Fittings

| Ceiling Mounting Type     | Model          | Wattage (Tubes) | Length L1 | Length L2 | Profile |
|---------------------------|----------------|-----------------|-----------|-----------|---------|
| Tee Bar Imperial / Metric | TLB 236/PLL/AL | 2 x 36W         | 597mm     |           |         |
|                           | TLB 336/PLL/AL | 3 x 36W         | 597mm     |           |         |
| Surface                   | TLB 236/PLL/SU | 2 x 36W         | 597mm     |           |         |
|                           | TLB 336/PLL/SU | 3 x 36W         | 597mm     |           |         |
| Plaster / Wooden          | TLB 236/PLL/RE | 2 x 36W         | 603mm     | 623mm     |         |
|                           | TLB 336/PLL/RE | 3 x 36W         | 603mm     | 623mm     |         |
